

ELO GEL+
Oxygen-Rich Formulation
Intense Skin Revitalisation

OXYGEN-RICH BOOSTER FOR FACE

ELO Gel+ provides your skin with essential oxygen, improving its capacity to utilise nutrients for effective restoration of youthful brilliance.

Formulated with ELO Water, ELO Gel+ is unscented and oxygen-rich. It enhances the skin's reparative abilities and self-regenerative capabilities, improving skin tone and texture for beautifully smooth, radiant and supple skin.

ELO Gel+ is clinically tested by the Dermapro Skin Research Centre in Seoul, Korea, and has been proven to give you vibrant looking, firmer skin with a healthy glow.

ELO Gel+ has been proven to:

- Brighten skin colour
- Boost hydration
- Reduce wrinkles
- Improve skin elasticity
- Enhance skin radiance

HOW TO USE

Gently massage a thin layer of ELO Gel+ on the face until fully absorbed. Use day and night, or as required, as part of your skincare regime.

**ELO INTENSE O₂
MOISTURISER**
Oxygen-Rich Formulation
Long-Lasting Skin Hydration

UNLOCK YOUR INNER RADIANCE

ELO Intense O₂ Moisturiser provides your skin with essential oxygen and deep moisture for a fresh firm look that lasts for hours.

Featuring ELO's unique oxygen-rich formulation, this lightweight moisturiser protects and revitalises your skin. Its lightweight, silky and oil-free texture is easy to apply, leaving a smooth dewy finish with long-lasting hydration.

EXCEPTIONAL NON-GREASY MOISTURISING EFFECT

This luscious, oxygen-rich cream never feels greasy while leaving your skin feeling silky smooth. The high oxygen content promotes rapid absorption of the active ingredients for long-lasting hydration and perfectly soft skin. Great with foundation and powder, our formulation adds a natural, inner skin radiance that enhances your make-up.

HOW TO USE

Gently massage a thin layer of ELO Intense O₂ Moisturiser on the face until fully absorbed. Use day and night, or as required, as part of your skincare regime.
