

ELO GOLD ESSENCE

Skin aging is a natural occurrence that is easily accelerated by physical and environmental factors. Aging skin cells have diminished ability to restore and replenish the skin's youthfulness, leaving it looking dull and tired.

Introducing ELO Gold Essence, the new gold standard in skincare formulated with oxygen-rich ELO Water and gold nanoparticles to provide your skin with essential oxygen for healthier, rejuvenated skin.

OXYGEN-RICH FORMULATION

ELO Gold Essence features a unique oxygen-rich anti-aging formulation that provides your skin with essential oxygen, promoting self-regenerative capabilities for healthier skin. It allows quick and easy absorption of oxygen and rejuvenates tired-looking skin.

SUPREME ANTI-AGING EFFECT

ELO Gold Essence's exquisite gold nanoparticles deeply revitalise the skin for a beautiful complexion, reducing wrinkles while also protecting your skin from microbial invasions. Its ultralight texture allows your skin to breathe while bringing out its flawless radiance.

WHAT IS ELO WATER?

ELO Water is an oxygen-rich water. The revolutionary technology behind ELO Water allows a high level of oxygen to exist in a unique, stable and bound form that promotes quick absorption by the body, restoring its natural balance and enhancing overall well-being.

WHAT ARE GOLD NANOPARTICLES?

ELO Gold Essence contains exquisite gold nanoparticles, a type of colloidal gold, that are small enough to penetrate and be absorbed more readily into the skin to ensure rapid reparative action.
